

James (JJ) Durant – Board of Directors, Washington Youth Academy Foundation

JJ has been a member of the board of directors of the Washington Youth Academy Foundation since 2014. He believes service to community starts with youth getting a positive experience both mentally and physically. The Youth Academy provides that foundation.

JJ is co-founder and partner of Durant & Ziobro, LLC providing physical rehabilitation and consulting services with the purpose of reducing workers compensation costs for employers. He has served as a sales representative in the pharmaceutical and medical device industries, and is a graduate of the United States Military Academy at West Point where upon graduation he was commissioned and served as an officer in the US Army.
